SUMMARY

3rd-year BSIT student (Networking track) with practical experience troubleshooting PCs, repairing home networks, and repurposing old hardware into working equipment. NC II certified in Computer Systems Servicing. Looking to bring that hands-on habit into a real OJT setting.

EDUCATION

Bachelor of Science in Information Technology — Philippine Christian University, Manila

3rd Year, A.Y. 2026–2027 | Expected Graduation: 2028

- Relevant coursework: Networking 1 & 2, Database Systems (MS SQL Server), System Administration, Mobile Application Development

TECHNICAL SKILLS

- **Networking:** Cisco Packet Tracer (star topology, basic VLAN, switch/router config), home network setup & troubleshooting, Cat5/Cat6 cabling & RJ45 termination
- **Hardware Troubleshooting:** SSD/HDD issues, GPU issues, boot problems, overheating, PC assembly & upgrades
- **Windows & Software Support:** installation, driver issues, Device Manager, IP configuration, application/system troubleshooting
- **Programming & Database:** Java, C#, HTML, CSS, JavaScript, SQL, Microsoft SQL Server, Android Studio
- **Tools:** Cisco Packet Tracer, GitHub

NETWORKING & TECHNICAL EXPERIENCE

- Diagnosed a weak-signal home network and repurposed an older PLDT router as a wired switch and a Converge router as a manually configured Wi-Fi repeater, extending coverage without new hardware purchases.
- Configured a star topology and created a VLAN for a simulated small-office environment (admin PC, front-desk PC) in Cisco Packet Tracer, applying concepts from Networking 1 & 2.
- Diagnosed and resolved hardware issues involving SSD/HDD storage, graphics hardware, overheating, and boot problems; performed Windows installations and troubleshoot driver, IP configuration, and application issues.

PROJECTS

Rock Paper Scissors Web Game — HTML, CSS, JavaScript

- Built a browser-based first-to-five Rock Paper Scissors game with score tracking, animated results, dark mode, and responsive layout, using DOM manipulation, event handling, and conditional/loop logic.

10 Questions Multiple Choice Game

- Built a JavaScript-based multiple-choice quiz game with score tracking and answer validation logic.

Personal Portfolio Website

- Designed and constantly updating a personal portfolio site (GitHub Pages) showcasing academic work, projects, and technical skills.

CERTIFICATION

- TESDA Computer Systems Servicing NC II

ORGANIZATIONAL EXPERIENCE

- Creatives Committee Member, JPCS – PCU Manila Chapter (2026–Present) — designed promotional graphics and event materials for chapter activities and general assemblies.
- 2nd Year Representative, JPCS – PCU Manila Chapter (2025–2026)

ACADEMIC ACHIEVEMENT

- Consistent Dean's Lister — A.Y. 2024–2025, A.Y. 2025–2026
